

## **Locum General Pediatrician**

The Department of Pediatrics in Queen's Health Sciences invites applications to fill a six (6) month locum in General Pediatrics.

The successful applicants will provide clinical teaching at both the undergraduate and postgraduate levels. Clinical duties will include shared day time and on call coverage of the inpatient pediatric ward, as well as provision of outpatient clinics and shared coverage of the Pediatric Urgent Care Centre. Applicants should provide evidence of an ability to work in an interdisciplinary, collaborative environment.

Qualified applicants will hold an MD degree (or equivalent) and have or will be eligible for licensure with the College of Physicians and Surgeons of Ontario. Completion of training and qualifications in General Pediatrics is required.

Queen's University is recognized nationally for the quality of its undergraduate and graduate programs, which attracts outstanding students. Queen's University is an integral part of the vibrant Kingston community in the heart of the Thousand Islands region of southeastern Ontario. It has a community spirit and amenities unmatched by any other Canadian university. The University and the region offer an outstanding academic and community environment ([www.queensu.ca](http://www.queensu.ca)).

Prior to May 1, 2022, the University required all students, faculty, staff, and visitors (including contractors) to declare their COVID-19 vaccination status and provide proof that they were fully vaccinated or had an approved accommodation to engage in in-person University activities. These requirements were suspended May 1, 2022. However, they remain in effect for students, staff, and faculty in workplaces, including hospitals, where patient care is provided and/or where the work duties or educational requirements of the position involve or support patient care.

The University invites applications from all qualified individuals. Queen's is strongly committed to employment equity, diversity, and inclusion in the workplace and encourages applications from Black, racialized/visible minority and Indigenous/Aboriginal people, women, persons with disabilities, and 2SLGBTQA+ persons. All qualified candidates are encouraged to apply; however, in accordance with Canadian immigration requirements, Canadian citizens and permanent residents of Canada will be given priority. To comply with Federal laws, the University is obliged to gather statistical information about how many applicants for each job vacancy are Canadian citizens/permanent residents of Canada. Applicants need not identify their country of origin; however, all applications must include one of the following statements: "I am a Canadian citizen/permanent resident of Canada"; OR, "I am not a Canadian citizen/permanent resident of Canada". Applications that do not include this information will be deemed incomplete.

The University will provide support in its recruitment processes to applicants with disabilities, including accommodation that takes into account an applicant's accessibility needs. If you require accommodation during the interview process, please contact the Department of Pediatrics through the contact information listed below.

Review of applications will commence immediately and continue until the positions are filled. Letters of application (including one of the two statements regarding Canadian Citizenship/permanent resident status specified above) accompanied by a curriculum vitae, an educational dossier and the names and contact information (including email contact) for three referees should be directed to:
